NURSING NEWS AND ANNOUNCEMENTS

THE AMERICAN NURSES' ASSOCIATION

SECRETARY'S ANNOUNCEMENTS

THE legal procedure of obtaining permission to change the name of The Nurses' Associated Alumnae of the United States to The American Nurses' Association has been completed and all associations making application for membership are advised to specify "The American Nurses' Association" henceforth.

Copies of the new by-laws have been sent to each affiliated association and to each permanent and charter member, so far as addresses were known. Copies may be obtained by addressing the secretary,

AGNES DEANS,
174 West Fifth Street, Oswego, N. Y.

THE INTERSTATE SECRETARY

The before-Christmas itinerary of the interstate secretary begins October 1 in New York, and ends in Texas. It includes Rhode Island, Massachusetts, New Hampshire, Pennsylvania, Maryland, West Virginia, Ohio, Kentucky, Tennessee, Mississippi and Louisiana. The places are very much scattered and extra time has been allowed between, with the idea that local associations may be visited.

Societies in the middle and far west are urgently requested to send in their requests before December 1 to—

ISABEL McISAAC, Interstate Secretary,
Benton Harbor, Mich.

REPORT OF ISABEL HAMPTON ROBB EDUCATIONAL FUND TO SEPTEMBER 14, 1911

DEPARTMENT OF NURSING AND HEALTH, TEACHERS' COLLEGE, NEW YORK CITY.

THIRTY-FIVE students registered last year in the various divisions of work in this department. There were seniors working for a diploma or a degree, juniors working for a certificate, and special or unclassified students taking up such special subjects as interested them.

Isabel Stewart received her degree of Bachelor of Science and remains in the department as assistant and instructor, and several other students are continuing work toward the same degree. Of the seven who after two years of work received the college diploma, six have been appointed to positions. Of the eighteen who received the certificate for one year of work, nine are filling positions, and nine are returning to the College for a second year. The four resident scholarships, one at St. Luke's Training School, two at Bellevue, and one at Speyer School

are filled by these second year students. The positions to which the out-going students have been appointed are of various types: two are superintendents or principals of training schools; two, assistants in training schools; three, instructors of nurses; one, laboratory assistant, research laboratories, Board of Health; one goes to a missionary hospital in India; one, supervisor of nurses, Relief Association; one in charge of training department, Visiting Nurses' Association; four are visiting nurses, or are doing social service or milk station work, etc.

These rough statistics give some general idea of the progress of the department, but it is difficult to convey any true idea of the enjoyment which the students find in their work, of the admirable spirit which almost without exception they have shown, and of the pleasant and sympathetic relationships which exist between teachers and students. The course is still very much in the constructive stage, and in some phases, notably the Visiting and School Nursing Division under Miss Crandall's direction, an effort is being made to work out a new idea in response to a new social demand. There has been the heartiest co-operation from the School of Philanthropy, and all the rich resources of the Henry Street Settlement have been freely available. Miss Wald gave an entire series of lectures, and nearly every special form or branch of visiting nurses' work was handled in one or more lectures by specialists in these particular fields. Miss Elizabeth Crowell and Miss Gregg took up "Tuberculosis Work," Miss Wood and Miss van Cleft, "Rural Nursing," Dr. Bannister, "Welfare Nursing in Industries," Miss van Blarcom, "Special Work in Prevention of Blindness."

One of the most important and valuable courses is that given by Dr. Josephine Baker on "School Nursing" or, as it is termed, "Municipal Health Nursing." It is probable that the college may arrange to offer a special certificate for this particular branch of work for which the demand is steadily increasing, and for which a special preparation seems to be thought essential.

The courses by Dr. Winslow on Municipal Sanitation have been of the highest value, and this year his work is to be enlarged by the addition of a course on Industrial Hygiene, as one of a combination of courses leading to a certificate in "Sanitary Inspection."

Last year there was an admirable course on "Hospital Organization" by Dr. Winfred Smith, then Superintendent of Bellevue Hospital. Just as we were congratulating ourselves on our good fortune in securing Dr. Smith, he was called to the superintendency of the Johns Hopkins Hospital in Baltimore. This subject of "Hospital Organization" will for the next year be taken by Miss Clara Noyes, who has had many years of experience in the management of the moderate-sized hospital to which our students will naturally turn.

Nothing can exceed the courtesy and kindness which the hospitals and training schools of New York have shown our students, and we are greatly indebted in particular to Miss Maxwell and Dr. Fisher of the Presbyterian Hospital for the generous measure of help which they have unfailingly given.

Many requests have come during the year for talks, papers and articles for high schools, colleges and various associations, and these have all been responded to by the three members of our department, as far as time permitted. One very careful and serious piece of work done by Miss Stewart was a comprehensive paper entitled "The Nurse in Education," which formed the greater part of the second half of the year book of The National Society for the Scientific Study of Education.

A steadily increasing demand is made upon the department for nurses capable

of filling the more important and responsible positions in nursing, and it may be said that two new features of these demands have arisen within the last two years. Training schools are asking for instructors. Ten have done so formally or informally during the last year, and in many of the calls for a visiting nurse, emphasis is laid upon the teaching side of her work. It is asked that she shall be able to teach young mothers and groups of young girls the essentials of healthful living, and the proper care of infants and children. From the varied list of requests that have come the following are taken:

Hospitals and Schools: Superintendents of hospitals (including training schools), 21; superintendents of nurses, 26; assistants or supervisors of various departments, 19; instructors, 10; teacher of occupations, 2; dietitians, 16; matrons and housekeepers, 8; resident nurses in college, 2.

Visiting and Nursing and Health Protection: Visiting nurses, 16; tuberculosis nurses, 6; infant welfare work, 10; school nursing, 5; sanitary inspection, 1.

At the end of the first year of work of the department under its new name, and with the strength of its endowment, we cannot help feeling that a long stride forward has been made. We believe that in the main the students who go out from us are able to render substantial aid in the training schools and other posts to which they are called, and we know that such assistance as they should be able to render is very much needed. We are equally sure that we shall send forth some who will prove disappointing to those who are naturally expecting much. A partial remedy for such failures may perhaps be found as more and more the brightest, most capable and most promising graduates of our leading training schools are encouraged and helped by their superintendents to seek the advantages which the college offers. It is primarily for the improvement of teaching in training schools that the department exists, no matter how many other important branches of work it may carry on, and we should gather together here the most able women our schools can produce.

ADELAIDE NUTTING, R.N., Director.

CIVIL SERVICE EXAMINATIONS

THE UNITED STATES CIVIL SERVICE COMMISSION announces a need for nurses in the Philippines, the Isthmian Canal Service, and the Indian. The 18th of October is set for examinations, but if a sufficient number of applicants should warrant, one will be set for an earlier date. Blanks and information may be had by applying to the United States Civil Service Commission, Washington, D. C. The Indian Service pays women nurses \$600 to \$750 yearly with quarters; the Isthmian Service, \$720 to \$900 yearly with board, quarters, and laundry expenses; men in the Isthmian Service receive \$1080 for a few months, with a raise to \$1260,—quarters only provided for the men. In the Philippines, the salary for women is \$50 monthly, with a raise to \$60 and \$85, with quarters, food, and laundry expenses. These examinations are held, with others under the Civil Service, in different cities throughout the country, the time and place being announced in the local press.

INTERNATIONAL

At the Congress of Nurses to be held in Cologne in August, 1912, in connection with the regular meeting of the International Council of Nurses, resolutions will be offered for the vote of regularly accredited delegates and mem-

bers on the following points: 1. The need of provision by the state for the old age and invalidity of nurses (other classes of workers in Germany have been thus provided for, but nurses have been overlooked); 2. The endorsement by the International Council of Nurses of state registration and a demand for its continued progress and improvement in educational standards; 3. The supreme importance of "Votes for Women" as a necessary tool for women in attaining a higher plane of education and opportunity and in helping to shape a more just social order.

The request is made that *alumnæ* and other societies, members of the American Nurses' Association, will give their attention to these subjects for resolution at some one of their winter business meetings, and will give explicit instructions thereon to their delegates to next year's meeting of the American Nurses' Association, as at that meeting four delegates to Cologne will be asked for by the International Council of Nurses, and the council of the latter body is desirous that there shall be clear and definite understanding on all, especially the third resolution, and is especially desirous that the final instructions of the American Nurses' Association to the four delegates to Cologne shall rest on the deliberate and considered majority opinions of the *alumnæ* and other local bodies in its membership. At the London Congress, the American delegates were instructed by a meeting at which not all of the delegates present had themselves been instructed by their local groups. It was therefore felt that the American vote on the resolution for the enfranchisement of women was not conclusive.

LAVINIA L. DOCK, R.N.,

Secretary International Council of Nurses.

CONNECTICUT

THE GRADUATE NURSES' ASSOCIATION OF CONNECTICUT held its quarterly meeting at the Nurses' Residence, Hartford Hospital, September 6th. In the absence of the president and secretary, Alice H. McCormac, second vice-president, presided, and Minnie E. Hollis was appointed secretary pro tem. Martha J. Wilkinson, the Connecticut delegate to the American Nurses' Association, gave an interesting report of the meetings. As Chairman of the Connecticut Red Cross Nursing Committee, Miss Wilkinson also reported the work of organizing the nursing service in this State. Local committees are being appointed in several cities. Following the business meeting, there was an instructive demonstration by Miss Lauder Sutherland, principal of the training school, assisted by the head nurses and pupils. The programme was as follows: Preparing Hypodermic; Making Poultice; Irrigating Ear with Dr. Fowler's Suction Bell Douche; Bathing a Baby; Exhibition of the Gleason Apparatus for Rectal Irrigation; Hot Application to Eyes; Cupping; Exhibit of Charting done by Probationers; Combination Dressing; Hot Air Bath with Home-made Electric Apparatus; Electric Apparatus for Applying Heat to Joints, etc.; Pupil Nurses' Records; Linen Records; System of Equipment Trays on Wards. Visitors were invited to inspect the Hartford Hospital, and the new annex to the Nurses' Residence, where refreshments were served.

THE CONNECTICUT SUPERINTENDENTS' SOCIETY held its semi-annual meeting Wednesday, September 6th, at the Nurses' Residence, Hartford Hospital, Hartford. Lauder Sutherland of the Hartford Hospital was elected president, and Miss

Usylmeyer, secretary and treasurer. It was decided to hold semi-annual meetings one month previous to the meetings of the State Board. Emma L. Stowe was appointed Chairman of the Programme Committee for the next meeting, which will be held in New Haven in December. Members were present from Hartford, Willimantic, Greenwich, New Haven, Waterbury, Meridan, and Middletown.

NEW YORK

THE NEW YORK STATE NURSES' ASSOCIATION will hold its tenth annual meeting on the 18th and 19th of October in the Assembly Chamber of the Capitol at Albany. The superintendents will meet on the afternoon of the 17th at 2 o'clock, at the assembly parlors, Clara D. Noyes presiding. The opening session of the convention will be held at 9 A.M. on the 18th, and delegates and members are requested to be prompt for registration and payment of dues. The meeting will be called to order at 10 o'clock, and the invocation and address of welcome, to which Annie W. Goodrich will respond, will be followed by the reports of officers and committees and the address of the president. At three o'clock there will be a demonstration on the care of infants and children at the Albany City Hospital, followed by afternoon tea. The evening session will be at 8.15 and will include addresses by Dr. A. S. Draper, Commissioner of Education, and Miss Nutting, Director of the Department of Nursing and Health at Teachers' College. On October 19, the morning session will be called to order at 9 o'clock, when Miss DeWitt, delegate to the American Nurses' Association, will give her report, Miss McIsaac, interstate secretary, will give an address, and there will be papers on "The Trained Nurse in Country Homes" by Dr. Lois Gannett, and "District Nursing in Small Cities" by Anna M. McGee. At 1 P.M. the nurses of Albany will give a luncheon at the Hampton Hotel to individual nurses, members, delegates, and officers of the association. In the afternoon there will be a paper on "Little Mothers" by Dr. S. Josephine Baker, Chief of the Division of Child Hygiene, New York City Department of Health. It is hoped that Miss Wald and Dr. William Russell will also speak. There will be a question box in charge of Elizabeth Dewey.

The Committee of Arrangements recommends the following hotels: Hotel Hampton, State Street; single rooms with bath, \$1.50; double rooms with bath, \$2; suite of two rooms with one bath, \$2 each. All the rooms in this hotel have baths. Hotel Ten Eyck: single room without bath, \$2 and \$2.50; single room with bath, \$3 and \$4; \$1 per day for each additional person occupying a room. Hotel Kenmore: single room, without bath, \$1.50; double room, without bath, \$3; single room with bath, \$2.50; double room with bath, \$4.

The Nominating Committee presents the following candidates: president, M. Louise Twiss, New York City, second nomination from the floor; first vice-president, Grace Knight Schenck, New York City, Elizabeth Dewey, Gloversville; second vice-president, Emma J. Jones, Rochester, Kate I. Kennedy, Buffalo; secretary, nominations from the floor; treasurer, Anna O'Neill, Utica, Elin Kraemer, Canandaigua; trustee, Annie W. Goodrich, Albany, Sophia F. Palmer, Rochester; board of nurse examiners, Ida M. Marker, New York City, Ida M. Root, Gloversville, Rye Morley, Buffalo, Harriet D. Stark, Buffalo.

GRACE KNIGHT SCHENCK, Secretary.

New York City.—THE CENTRAL CLUB FOR NURSES starts out upon its second year with a large membership and a waiting list. Its programme for the winter's work will appear in the November JOURNAL. The international aspect of the club is interesting, Ju Yung Chang, a niece of Li Hung Chang, of China, and Maya Das, of India, were among the guests during August, and in the autumn Miss Nylander, superintendent of the preliminary training school at Helsingfors, comes for the purpose of studying American hospital methods.

THE NEW YORK POST-GRADUATE MEDICAL SCHOOL AND HOSPITAL has among other improvements the recently-completed addition to the Margaret Fahnestock training school, providing accommodation for more than twice its former number of nurses.

BY THE WILL OF THE LATE WALTER E. DURYEA, whose case was well known to many New York nurses, Roosevelt Hospital receives \$15,000 with which to found three memorial beds in women's, men's, and children's wards; the Mountainside Hospital, Montclair, N. J., receives \$7000; the Montclair Convalescent Home, \$2000; and the Nassau Hospital at Mineola, Long Island, \$25,000 now, with a prospect of an additional \$75,000 later.

ALICE I. TWITCHELL, who has held positions at the S. R. Smith Infirmary, Staten Island, and in Jacksonville, Ill., has accepted the position of superintendent of the training school of the Hahnemann Hospital. This hospital has recently received a large endowment and plans to erect new buildings and to develop the training school on progressive and liberal lines.

Brooklyn.—THE KING'S COUNTY REGISTERED NURSES' ASSOCIATION, at a meeting held April 18, adopted a new constitution and by-laws and changed its name to King's County Nurses' Association. The officers are: president, Martha J. Parry, R.N.; vice-president, Miss Whitley, R.N.; recording secretary, M. Horrocks, R.N.; corresponding secretary, Alberta Ross Henrichsen, R.N., Shore Road and 83d Street; treasurer, Dorothea M. McDonald, R.N.

Babylon.—A NEW HOSPITAL was opened during September.

East View.—MRS. M. J. VREELAND who, for the past three years, has been superintendent of nurses at the Westchester County Hospital, resigned on September 1 to take the position of superintendent of the Binghamton State Training School. The best wishes of her friends go with her.

PENNSYLVANIA

THE GRADUATE NURSES' ASSOCIATION OF THE STATE OF PENNSYLVANIA will hold its annual meeting in Pittsburgh on October 17, 18, and 19. An effort is being made to have this one of the most interesting meetings, and a large attendance is anticipated.

NORTH CAROLINA

THE BOARD OF EXAMINERS OF TRAINED NURSES will hold an examination at Watts Hospital, Durham, October 25, 26, and 27, 1911, so that nurses who could not take the examination in June will have another opportunity. All graduate nurses are urged to register. Application blanks may be obtained from the secretary.

ANNE FERGUSON, R.N., Secretary-Treasurer,
Statesville, N. C.

KENTUCKY

Louisville.—THE JEFFERSON COUNTY GRADUATE NURSES' CLUB gave a bazaar and ice-cream supper on the lawn of the Children's Free Hospital, August 8, for the benefit of the Nurses' Central Directory, each member of the club donating some article for the sale, or money and cakes. It was a great success, more than one hundred dollars being realized.

OHIO

THE OHIO STATE ASSOCIATION will hold its annual meeting October 17 and 18, at the Y. W. C. A., Prospect Avenue and E. 18th St., Cleveland.

A few rooms may be obtained at the Y. W. C. A., or at the New Amsterdam, Euclid Avenue and 22d St. Single rooms, \$1 and \$1.50; double rooms, \$1.50 and \$2.

The meetings will open at 10.30 A.M. October 17, with an invocation, an address of welcome by Charles E. Adams, and a response by Miss M. H. Pierson, Columbus, followed by the address of the president, Mary E. Gladwin. At 2.30 in the afternoon a Red Cross session will be held with addresses by Dr. George W. Crile, Jane A. Delano, R.N., and either Major Lynch or Ernest P. Bicknell. At 4.30, the Flora Stone Mather Residence for Nurses of Lakeside Hospital will be open for inspection. At 8 P.M., a reception will be given by the Cleveland Chapter of the American Red Cross.

The morning of the 18th will begin with an executive session at 9, followed by a general session at 10.30 devoted to business, reports of committees, etc. At 1 P.M. a luncheon will be given by the Graduate Nurses' Association of the city. The afternoon session will be devoted to Social Welfare, presided over by Abbie Roberts, with the following topics: Address, Dr. H. J. Gerstenberger; reports from Cincinnati and Columbus; investigation of midwifery, Reports from Cleveland and Cincinnati; "Social Training for Nurses," Hanna Buchanan. At 5 o'clock tea will be served at the Babies' Dispensary and Hospital. In the evening at 8 there will be a session for superintendents.

Columbus.—C. ELIZABETH ALLEN, formerly superintendent of nurses at the Ohio State Sanitarium, Mt. Vernon, Ohio, has taken up the work of field nurse for tuberculosis and visiting nurse associations. She goes to new societies, organizes the work, and teaches local nurses how to carry it on.

WISCONSIN

AN ACT

To create sections 1409a-5 to 1409a-11, inclusive, of the statutes, relating to the registration of nurses, and providing a penalty.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. There are added to the statutes seven new sections to read: SECTION 1409a-5. Any resident of this state, being over twenty-one years of age, of good moral character, who shall make application to the state board of health for registration as a registered nurse, upon compliance with the provisions of this act, shall be entitled to registration as follows:

First. Without examination, provided the application be made prior to September 1, 1914, and provided the applicant shall have graduated before said date from a reputable training school, connected with a general or special hospital, who at the time of graduation shall have received a course of at least two years' training in such training school.

Second. If application be made prior to September 1, 1914, and the applicant at the time of such application shall have been engaged in the actual practice of nursing for three years, and shall pass an examination to determine the fitness and ability of the applicant to give efficient care to the sick.

Third. If application be made on or after September 1, 1914, and the applicant at the time of application shall have graduated from a reputable training school, and shall pass an examination to determine the fitness and ability of the applicant to give efficient care to the sick. Such training school within the meaning of this subdivision must be connected with a general hospital, and from and after September 1, 1911, must require an adequate and systematic course of instruction of three or more years. The first two years of such course shall be spent in such training school or hospital, and not to exceed three months of the senior year shall be devoted to outside nursing. Such instruction shall be both theoretical and practical in the following branches:

Nursing, ethics, anatomy, physiology, hygiene, dietetics, materia medica, elementary urinalysis, medical, surgical and gynecological nursing, obstetrical nursing, including the care of infants, and a thorough course of theoretical instruction and, when possible, practical experience in contagious nursing and the nursing of sick children.

Fourth. If application be made on or after September 1, 1914, and the applicant at the time of application shall have graduated from a reputable training school, connected with a special hospital, requiring a systematic course of theoretical and practical training of at least two years, and who at the time of application shall have obtained in a reputable general hospital one year's additional training in the subjects above enumerated in the third division of this section, not adequately taught in said training school, and shall pass an examination to determine the fitness and ability of the applicant to give efficient care to the sick.

Fifth. Without examination, provided the applicant shall have been registered as a registered nurse, under the laws of another state having requirements determined by the state board of health of this state, to be equivalent to the requirements of this state.

SECTION 1409a-6. The state board of health shall, on or before September 1, 1911, appoint five graduate nurses, to be known as the committee of examiners of registered nurses. At the time of their appointment they must be actual residents of the state. They shall be selected from nurses engaged in active work, who shall have been graduated for at least a period of three years from a reputable training school, and who, during their course of training, shall have served for two years in a general hospital, and who (except those appointed as first members of the committee) shall have been registered under the provisions of this act. Two members of the committee shall be selected from nurses who have had at least two years' experience in educational work among nurses. The members of the committee shall be appointed to hold office as follows: One for one year; two for two years; and two for three years from September 1.

1911. Upon the expiration of the term of office of a member, the state board of health shall appoint a successor whose term of office shall be three years, and shall fill each vacancy for the unexpired term. The board shall have power to remove any member of the committee. Each member of the committee shall hold office until a successor is duly appointed and qualified.

SECTION 1409a-7. 1. The members of the committee of examiners shall, as soon as organized, and annually thereafter, elect from their number a chairman, who shall preside over the meetings of the committee, and a secretary, who shall keep a record of its proceedings. The committee shall immediately, upon the election of such officers, file with the secretary of the state board of health, a certificate thereof, giving the name and address of such officers. Three members of the committee shall constitute a quorum. Special meetings of the committee shall be called by the secretary, upon written request of any two members or upon the request of the secretary of the state board of health.

2. The committee shall, from time to time, adopt rules not inconsistent with this act to govern its proceedings, also for the examination of applicants for registration, may amend or repeal such rules, may recommend courses of instruction for the guidance of training schools, subject to the approval of the state board of health. Immediately upon the adoption of any rule or recommendation the committee shall file with the secretary of the state board of health a certificate thereof, setting out fully such fact. The secretary of the state board of health shall immediately publish such certificate in at least one journal devoted to the interests of professional nursing.

3. Each member of the committee shall receive a compensation of five dollars, and expenses for each day in which such member is actually engaged in attendance upon the meetings of the committee, but not exceeding in all fifteen days in any one year, to be audited by the secretary of the state board of health, and paid out of the fund hereinafter provided for.

SECTION 1409a-8. It shall be the duty of the committee of examiners to meet for the purpose of holding examinations of applicants for registration, not less frequently than twice every year. Notice of the time and place of such meetings shall be given to the public press, and to at least one journal devoted to the interests of professional nursing, and by mail to every applicant, and to every known training school in Wisconsin, at least thirty days prior to the meeting. The committee shall frame its own questions and conduct its own examinations. The written questions and answers shall be filed with the secretary of the state board of health. The applicants shall be known to the members of the examining board by numbers, so that no members of the board shall be able to identify the papers of any applicants until they have been graded and the case passed upon, and all questions and answers with a grade attached shall be delivered to the secretary of the state board of health, and by him preserved for at least one year. Before any applicant shall be permitted to take such examination she shall pay to the secretary of the state board of health an examination fee of ten dollars. No person shall be granted a license, except as herein provided, to practise nursing until she has passed a satisfactory examination before the examining committee, appointed for the purpose by the state board of health, nor until she has filed with said board a certificate signed by at least three members of the examining committee, stating that they have found her qualified to practise. Before the applicant is granted a license, she shall also file with

the secretary of the state board of health, on blanks furnished by said board, a statement, giving her name, place of birth and present residence. All written questions for the examination of nurses shall be approved by the executive committee of the state board of health, and the license to practise nursing shall be issued by the secretary of the state board of health and countersigned by the president and secretary of the examining committee. Any person to whom a certificate of registration shall be issued shall, within thirty days thereafter, cause the same to be recorded with the county clerk of the county in which such person resided at the time of the application. The state board of health may revoke the license of any nurse who has been convicted of unprofessional or dishonorable conduct. Said state board of health shall have power to revoke any certificate of registration granted by them if said certificate was obtained through error or fraud, or if the recipient thereof is shown to be grossly incompetent in the practice of nursing; and provided further, that before any certificate shall be revoked, the holder thereof shall have notice in writing, enumerating the charges against her, and at a specified date named therein, not less than five days after the service of such notice, be given a hearing by said board and have an opportunity to produce testimony in her own behalf and to confront the witnesses testifying in said matter. Any person whose certificate has been revoked for gross incompetency, may, after the expiration of one year, apply to have the same regranted, and the same shall be regranted her, if in the discretion of said board they deem it proper.

SECTION 1409a-9. It shall be unlawful hereafter for any person to practise, or attempt to practise, in the state as a registered nurse without a certificate from the state board of health. Any person who has received such certificate shall be styled and known as a "registered nurse," and shall be entitled to append the letters "R.N." to the name of such person. No other person shall assume or use such title, or the abbreviation "R.N.," or any other words, letters or figures, to indicate that such person is a registered nurse.

SECTION 1409a-10. This act shall not be construed to affect or apply to the gratuitous nursing of the sick by friends or members of the family, nor to any person nursing the sick for hire who does not in any way assume or pretend to be a registered nurse, and this act shall not be construed to interfere in any way with members of religious communities or orders which have charge of hospitals or take care of the sick in their own homes; provided, such members do not in any way assume to be registered nurses.

SECTION 1409a-11. The state board of health shall enforce the provisions of this act, and cause the prosecution of all persons violating any of the provisions thereof, and may incur necessary expenses in that behalf. The secretary of the state board of health shall keep a register of the names and addresses of all nurses duly registered under this act, which shall be open at all reasonable times to public inspection. He shall also keep a record of all applications for registration and a detailed account of all moneys received and disbursed. All moneys shall be kept as a special fund to meet the expenses of carrying out and enforcing this act and of prosecuting violations thereof, and expenses and compensations under this act shall be paid from such fund and no part thereof shall be paid out of the state treasury. The secretary of the board shall make a semi-annual report of its proceedings under this act to the governor, and such report shall contain a true and itemized account of all moneys received

and disbursed under this act. Any person violating any of the provisions of this act shall be guilty of a misdemeanor, and shall, upon conviction, be fined for each offense in the sum of not less than ten dollars nor more than fifty dollars.

SECTION 2. This act shall take effect and be in force from and after its passage and publication.

MINNESOTA

Minneapolis.—THE HENNEPIN COUNTY REGISTERED NURSES' ASSOCIATION held its annual meeting on September 13th at the club house. The following officers were re-elected: president, Ethel Plimpton, R.N.; vice-presidents, Agnes Peterson, R.N., Margaret H. Kennedy, R.N.; recording secretary, Augusta E. Mettel, R.N.; corresponding secretary, Agnes B. Hope, R.N.; treasurer, Mrs. Charlotte Roberts, R.N.; directors, Edith P. Rommell, R.N., L. Louise Christenson, R.N., Rachel O'Hara, R.N. A large number responded to roll call.

ILLINOIS

Chicago.—THE ILLINOIS TRAINING SCHOOL FOR NURSES is soon to lose its superintendent, Helen Scott Hay, who has done most excellent work in a very difficult position for four years, and who feels the need of rest. Miss Hay hopes to take a trip abroad a little later. A valuable addition to the pleasure of the residents of the Home is a fine new Kimball piano, to replace the old Weber bought by the personal contributions of the first pupils of the school many years ago and which has given excellent service these many years.

The Home has again been enlarged to suit the growing needs of the family. It is hoped at an early date an opportunity may be arranged for the graduates to see the new apartments while they are in the first freshness of their new clothes. The old "Perry Flat" has been transformed into large class and demonstration rooms. In the big stone building, corner of Congress and Honore, the first floor, formerly Speakman's Book Store, is being made into a practice diet kitchen with individual equipment for a class of sixteen. In the basement, which is large and well lighted, a laboratory for chemistry and bacteriology classes will be provided. The second floor contains the big hall for lectures, and also for social functions, with convenient service rooms adjoining. The third floor, formerly a lecture hall, has been made over into a large number of attractive bed rooms. This floor connects with the main building by a passageway similar to the "bridge" of ancient history. Miss Gadde, Class of 1911, has succeeded Miss Stiles as Surgical Nurse at the Mary Thompson Hospital. Jennie Hoagland, 1911, is head nurse in Ward 20; Mrs. Bertha Eddy Brown, 1903, is head nurse in Ward 6; Florence Springer, 1906, is head nurse of one of the floors in the Children's Department. Nora Barnes, 1903, was a visitor at the Home recently, en route from New York City, where she had taken a course at Sloane Maternity Hospital. Lida Anderson, 1904, with Dr. and Mrs. Lockwood, 1897, were recently in Chicago, en route to Europe, where they will spend four months in travel and study. The family at the Home had the pleasure of a short visit recently from Mrs. Idora Rose Scroggs, who was on her way to her home in Oklahoma after a summer in Ohio. Mrs. Scroggs has been quite ill and her many friends will be glad to know she is much improved now. Mrs. Mary Girod, 1911, has accepted a position of nurse for the Tube Works

at Kewanee, Ill., where Miss Tenny, 1897, has also given service. The school is indebted to Anna Boeckmann for a back rest and rubber ring for the sick rooms. Misses E. V. Robinson, Jamieson, Murphy, and Wilson have returned from Europe, where they spent the summer. Mary Lawless, R.N., has accepted the position of night superintendent at Mercy Hospital. Genevieve Dyer, R.N., Mercy Hospital, has accepted the position as anæsthetist to the Children's Memorial Hospital. Augusta Gough, R.N., has been appointed on the Visiting Nurse Staff at Fort Dodge, Iowa. Winifred G. MacLeod, Class of 1907, Presbyterian School of Nurses, has resigned her position as surgical nurse at the hospital and is spending a few months in Vancouver, B. C. Alice M. Morse, Class of 1910, has returned to the hospital as head nurse of a surgical floor. Ida and Hilda Twedten, Class of 1911, are doing special duty nursing in St. Paul, Minn. Minerva E. Wilson, Class of 1907, has returned to her home in Creston, Iowa, where she is doing private duty nursing. Lina L. Davis, Class of 1907, who has for some time been associated with the Pasadena Hospital of California, and through the summer with the Infant Welfare Society of Chicago, has accepted the position of supervising nurse at the Presbyterian Hospital. Estella M. Craig, graduate of the Royal Victoria Hospital, Montreal, for some time head nurse of a medical floor in the Presbyterian Hospital, Chicago, has accepted a position as night superintendent at the Edmonton Hospital, Canada. Lilla F. Pickhardt, who has been for some years superintendent of Augustana Hospital, but who has been on leave of absence for some months for rest, has decided not to return to that position but has accepted that of superintendent of nurses at the Pasadena Hospital, California, succeeding Miss Anderson.

INDIANA

THE INDIANA STATE NURSES' ASSOCIATION will hold its ninth annual convention in Indianapolis, October 10 and 11, 1911. The principal speakers are the governor of Indiana, Hon. Thomas R. Marshall, and Sophia F. Palmer, R.N., Editor-in-Chief of the AMERICAN JOURNAL OF NURSING.

THE INDIANA STATE BOARD OF REGISTRATION OF NURSES will hold an examination for applicants for registration at the state capitol, Indianapolis, November 15 and 16, 1911.

EDNA HUMPHREY, Secretary,
221 West Main Street, Crawfordsville, Ind.

Indianapolis.—ALICE ASHBY, R.N., a graduate of the Indianapolis City Hospital, has accepted the position of superintendent of St. Luke's Training School, Newburg, N. Y. She is succeeded as superintendent of Dr. Sterne's Sanitarium by Gertrude Breslin, Norton Memorial Infirmary, Louisville.

CLAUDIA BOSKILL AND HATTIE BRYDON, graduates of Kingston General Hospital, Canada, 1911, have accepted positions as day supervisors at the City Hospital. Rebekah Galt, of the Pennsylvania Hospital, Philadelphia, has become night supervisor, succeeding Ella Hand, City Hospital, Class of 1899.

Richmond.—MRS. FRANCES TEAGUE, R.N., graduate of the Huron Street Hospital, Cleveland, who has been doing district work at Anderson, has accepted the position of housekeeper in the Reid Memorial Hospital.

Marion.—ELEANOR GERAHTY, graduate of the State Hospital, Norristown, Pa., has been appointed chief nurse at the National Military Home.

South Bend.—**MARIAN KNUCKLES**, R.N., Class of 1909, Wesley Hospital, Chicago, recently surgical nurse at Epworth Hospital, has been appointed on the Army Nurse Corps and is stationed at Walter Reed General Hospital, Washington, D. C. She is succeeded by Margaret Stuart, Class of 1911, Epworth Hospital.

IOWA

THE IOWA STATE ASSOCIATION OF REGISTERED NURSES held its eighth annual convention at Waterloo, in May, and the following is a brief summary of the main points considered at that time: A donation of twenty-five dollars was voted to the Isabelle Hampton Robb Memorial Fund. As a result of the work of the Legislative Committee during the past session of the State Legislature the Registration Bill for the state of Iowa has been amended so as to make registration of nurses in the state compulsory. An enthusiastic meeting of the state and local committees of the Red Cross Nursing Service was held during the convention and the details of the work in regard to the plan of enrollment were freely discussed and much interest was manifested. The following are the officers for the coming year: president, Millicent L. Schaar, R.N., Des Moines; second vice-president, Esther Maxwell, R.N., Washington; secretary, (Mrs.) Ida C. Neff, R.N., Waterloo; corresponding secretary, Emma D. Seibert, R.N., Waterloo; treasurer, Josephine Crellman, R.N., Iowa City; auditor, Ella McDannell, R.N., Cedar Rapids. The next annual meeting will be held at Davenport, Iowa, in 1912.

IDA C. NEFF, R.N., Corresponding Secretary.

MISSOURI

THE MISSOURI STATE BOARD FOR THE EXAMINATION AND REGISTRATION OF NURSES will meet applicants for registration during the meetings of the Missouri State Nurses' Association to be held in St. Louis, October 11, 12, and 13.

F. E. S. SMITH, Secretary.

OKLAHOMA

THE OKLAHOMA STATE ASSOCIATION OF GRADUATE NURSES will hold its annual meeting in Oklahoma City, October 17 and 18. Sophia F. Palmer, R.N., Editor-in-Chief of the AMERICAN JOURNAL OF NURSING, will address the association on the afternoon of the 17th, and it is hoped nurses making engagements for that time will plan to be relieved.

THE OKLAHOMA STATE BOARD FOR THE EXAMINATION AND REGISTRATION OF NURSES will hold a meeting at the same place October 16. Oklahoma City nurses will find application blanks and information at the Nurses' Club. Owing to the illness of Mrs. Walters, the secretary, application blanks can be obtained from the president, Marjorie Morrison, R.N., Guthrie, Oklahoma, R.F.D. No. 10.

COLORADO

THE COLORADO STATE BOARD OF NURSE EXAMINERS will meet to examine applicants for registration at the State Capitol, Denver, on October 25 and 26, 1911. For further information, address Mary B. Eyre, secretary, 1942 Pennsylvania Street, Denver, Colo.

COLORADO STATE BOARD EXAMINATION, APRIL, 1911

(The last four subjects are elective, one of which shall be chosen by the applicant.)

ANATOMY (Written)

1. Define anatomy, osteology, medulla. 2. (a) How many distinct bones in the human skeleton? (b) Name the classes into which they are divided. (c) Name and locate one bone of each class. 3. (a) What is the thorax? (b) With what bones do the innominate bones articulate? 4. (a) What is cartilage? (b) What is a tendon? (c) Describe the Tendo Achilles. 5. (a) Give the uses of muscles. (b) What are extensors? Adductors? 6. (a) Of what does the circulatory system consist? (b) State the chief differences between the coats of veins and arteries. 7. (a) State what you know about red corpuscles. (b) Normally, how do they compare in number with the white corpuscles? 8. Name the divisions of the alimentary canal and the accessory organs. 9. (a) What are nerves? (b) Give number and arrangement of the cranial nerves. (c) What parts of the body are controlled by the sympathetic system? 10. (a) What is the retina? (b) What is the conjunctiva? (c) What is the tympanum?

PHYSIOLOGY (Written)

1. What is elimination? Name the waste products. 2. What is the function of the kidneys? How are they connected with the bladder? 3. What organs constitute the digestive system? Name two of the juices found in this tract. 4. Where does the blood get its oxygen? 5. What are Peyer's Patches? Where are they found? What disease affects them? 6. What is the function of the bile? 7. What are the mammary glands? What is their function? 8. What are the mastoid cells? Where are they located? 9. Name the organs of taste. 10. What are the uses of perspiration to the body?

MATERIA MEDICA (Written)

1. (a) What is meant by the physiological action of a drug? (b) Mention five ways in which medicine may be introduced into the circulation. 2. What is the best antidote for carbolic acid? 3. (a) How much salt should be added to a quart of water to make a normal salt solution? (b) Name three antiseptics commonly used. 4. (a) What is a cathartic? (b) How may they act? (c) Name a cathartic that is beneficial in dropsical conditions. 5. (a) What is an infusion, tincture, liniment, saturated solution? (b) How are these administered? 6. If a child is to take gr. 1/150 of strychnine, and you have tablet gr. 1/30, how many doses have you, and how would you divide the quantity accurately? 7. What do the following symbols stand for: p.r.n.; l.h.; gtt.; althar.; aa.; sp.gr.; t.i.d.? 8. Is there any error in the following? If so, correct same: If patient's skin is dry and pungent give atropine sulphate, gr. 1/100, by mouth; if perspiring profusely give pilocarpine gr. 1/12 at 8 P.M. 9. When should acids, iron, arsenic, and potassium iodide be given? Why? 10. (a) Define digestant. (b) What is pepsin? (c) What is its action?

DIETETICS (Written)

1. (a) Define dietetics. (b) What are nitrogenous foods and what is their chief function? 2. (a) What do you understand by predigested foods? (b) By modified milk? 3. Has skimmed milk any great value as a food? Give reason. 4. (a) By what signs do you know a fresh egg without breaking? (b) Which are more easily digested, raw or soft-cooked eggs? (c) Give a proper method of preparing a soft-boiled egg. 5. (a) Which has the higher nutritive value, fish or meat? (b) Which is more easily digested? 6. (a) By what signs do you know good beef? (b) By what signs do you know good fish? 7. Give a good method of preparing beef juice and state what cuts of beef are best for this purpose? 8. (a) What is included under the head of light diet? (b) Why is butter valuable as a food? 9. How do you increase the digestibility of starchy foods? Give reason. 10. (a) What instruction have you had in dietetics? (b) Give name of one book on dietetics with which you are familiar.

HYGIENE (Oral)

1. (a) What does personal hygiene include? (b) What does sanitation include? 2. (a) What is disease? (b) Define environment—immunity. 3. (a) Are relaxation and sleep synonymous terms? (b) Why are they so important? 4. (a) What effect has exercise upon the muscles? (b) What is the effect of moderate physical exercise after eating. (c) Of violent exercise? 5. (a) What should govern the kind and quantity of food of any individual? (b) What, if any, is the objection to eating a hearty meal when physically or mentally exhausted? 6. (a) If sent into the country to care for a typhoid patient, would you investigate the house and surroundings regarding sanitary conditions? (b) How would you disinfect and dispose of the excreta? 7. (a) What are Boards of Health? (b) Enumerate some of their duties and powers. 8. (a) What is the objection to public drinking cup? (b) Is there any provision for its abolishment in Colorado? 9. (a) What are food preservatives? (b) Name some harmless ones. 10. What is the reason for the general crusade against the house fly?

SURGERY AND DISEASES OF WOMEN (Oral)

1. How are wounds infected? Give six ways. 2. Give measure for prevention of wound infection: hands, sutures, instruments, etc. 3. How will you prevent infection from inhalers? 4. How will you care for a puncture wound—as rusty nail or stab wound? 5. What are the symptoms of infective inflammation? 6. What is the menopause? At what age does it occur? 7. What would you consider as symptoms of cancer of the uterus? 8. What symptoms would lead you to suspect gonorrhœa? How would you manage a case? 9. How will you prepare a woman for curettage? 10. Define Sims's knee-chest and Fowler's positions.

OBSTETRICS (Oral)

1. What do you understand by the terms, pregnancy, and by labor? 2. What care and treatment should the patient receive during the first stage of labor? 3. What should a nurse do as soon as head is born? 4. If a binder

is applied, where should a nurse begin to pin, and why? 5. What should a nurse do in a case of post-partum hemorrhage? 6. (a) When would you give a new-born infant his first bath? (b) What precautions will a nurse take against sepsis after labor? 7. What precautions should a nurse take to prevent trouble with the heart? 8. How can a depressed nipple be drawn out? 9. What precautions must be taken when giving a douche after labor? 10. What is meant by the terms abortion and premature labor?

MEDICAL NURSING (Oral)

1. (a) Name the different kinds of pulse and respiration. (b) How does fever terminate? Define the terms. 2. How would you give artificial respiration? 3. (a) What are the complications of typhoid fever? (b) What nursing measures may be used for the same? 4. Describe how the bladder should be washed. 5. Give treatment of infantile convulsions previous to doctor's arrival. 6. (a) What nursing measures may be used for hemorrhage from the stomach and the lungs? (b) Differentiate these conditions. 7. What are the most important things for a nurse to do in caring for a case of pneumonia? 8. When and how are nutritive enemas given? 9. (a) What is meant by suppression of urine, retention and incontinence? (b) What is the specific gravity of normal urine? 10. (a) Where should hypodermics never be given. (b) What would you do, and not do, to remove a foreign body from the ear?

ELECTIVE

BACTERIOLOGY (Oral)

1. (a) What two germs cause most of our pus infections? (b) Where are they found normally? 2. Name four of the contagious diseases that are caused by a germ. 3. (a) What degree of heat will kill bacteria? (b) Under what conditions do bacteria multiply? 4. (a) What disinfectants would you use to kill bacteria? (b) Give strength and tell how it is used. 5. What are the toxins and anti-toxins? 6. What are the natural defenders of the body against disease? 7. How is disease transmitted? 8. (a) What is immunity? (b) How is immunity acquired? 9. Define septicæmia and pyæmia. 10. How are gonorrhœa and syphilis disseminated?

CONTAGIOUS DISEASES (Oral)

1. What is the difference between infectious and contagious diseases? 2. (a) What are the symptoms of small-pox? (b) What precautions would you take if a patient you were caring for developed the disease? 3. (a) What is the incubation period of measles? (b) What advice would you give a mother, if she consulted you in regard to isolation? 4. What care and management would you give a case of whooping cough? 5. (a) How is scarlet fever contagious? (b) How will you disinfect when caring for a case? 6. How will you prepare a room for fumigation after any communicable disease? 7. (a) What prophylactic treatment would you advise in diphtheria? (b) How long would you quarantine a case? 8. Why do you isolate erysipelas? 9. What are the most common complications in contagious diseases, and how would you guard against them? 10. (a) Name five air-borne diseases. (b) Name three water-borne diseases.

HYDROTHERAPY AND MASSAGE (Oral)

1. Enumerate five kinds of baths and describe the giving of two. 2. In giving bath to reduce temperature, do you use friction? Give reason. 3. Describe the best method of applying hot applications to the abdomen. 4. Describe fully the application of heat and cold to the spine. What effects are produced? 5. When are cold baths contra-indicated? 6. Does massage produce any change in the body temperature? If so, why? 7. What general principles do you follow in applying massage for rheumatism? 8. What movements have the most soothing effect upon the nerves? 9. What precaution would you take in applying massage for infantile paralysis? 10. Name four (4) conditions where massage would not be permissible.

NERVOUS AND INSANE (Oral)

1. What are the symptoms of apoplexy? 2. What are the important points to remember in nursing paralysis? 3. Define the terms monoplegia, hemiplegia, paraplegia. 4. What are the symptoms of chorea? 5. What are the special points to be observed in nursing meningitis? 6. Mention some of the important points to remember in the restraint of patients. 7. What particulars of convulsions should be noted and recorded? 8. What are some of the qualifications necessary for a nurse to have in order to be successful with neurasthenic patients? 9. How should a nurse deal with hysterical patients? 10. In examining a person whom you found unconscious, what particulars will you note?

BIRTHS

IN August, a daughter, Sarah Frances, to Dr. and Mrs. Frank Metcalf. Mrs. Metcalf was Maude Langston, class of 1907, Presbyterian Hospital, Chicago.

ON August 19, at Fort Riley, Kansas, a son to Dr. and Mrs. Lloyd A. Kefauver. Mrs. Kefauver was Christine Russell, class of 1903, St. Mary's Hospital Training School, Brooklyn.

ON July 18, at Brooklyn, N. Y., a son, to Rev. and Mrs. Harry P. Miller. Mrs. Miller was Bertha Decker, class of 1908, Long Island College Hospital, Brooklyn.

MARRIAGES

ON August 24, in the Wheaton College Chapel, Wheaton, Ill., Rachael G. Blanchard, class of 1906, Presbyterian Hospital, Chicago, to Harvard Mackenzie. Mr. and Mrs. Mackenzie will live in Forsyth, Mont., where Mr. Mackenzie is Superintendent of Schools.

ON September 6, at Bluffton, Ind., Nina Hatfield, class of 1910, Presbyterian Hospital, Chicago, to Howard Waring Marsh. Mr. and Mrs. Marsh will live at 3624 Pennsylvania St., Indianapolis, Ind.

ON August 7, at Chicago, Avis B. Corlew, class of 1911, Presbyterian Hospital, Chicago, to Clarence A. Zuppann. Mr. and Mrs. Zuppann will live in Grand Rapids, Mich.

ON August 18, at Pine Hill Lodge, Mt. Morrison, Colorado, Cora Birdsell, class of 1900, Epworth Hospital, South Bend, Indiana, to C. Julius Houser.

ON June 3, Clara Leonard, graduate of the Methodist Episcopal Hospital, Indianapolis, to Goethe Link, M.D. Dr. and Mrs. Link will live at 2850 Talbott Avenue, Indianapolis.

ON October 1, at Rising Sun, Indiana, Lulu B. Records, class of 1906, City Hospital, Indianapolis, to Chris. Jordon. Mr. and Mrs. Jordon will live in Mooresville, Indiana.

ON September 17, Inez Spray, class of 1911, Protestant Deaconess Hospital, Indianapolis, to Marvin Hout. Mr. and Mrs. Hout will live at Walnut Hills, Dayton, Ohio.

ON September 12, at Chicago, Helen White, class of 1906, Mercy Hospital, to John Kerwin, M.D. Dr. and Mrs. Kerwin will live in Chicago.

ON August 20, Ada Kimberlin, class of 1910, Mercy Hospital, Chicago, to Frank Powers, M.D. Dr. and Mrs. Powers will live in South Bend, Ind.

IN Milwaukee, Wis., Mamie Knaup, class of 1905, Mercy Hospital, Chicago, to William F. Cathcart, M.D. Dr. and Mrs. Cathcart will live in Chicago.

ON June 7, in Chicago, Eda Dosch, class of 1906, Mercy Hospital, to C. P. Wiltz, M.D. Dr. and Mrs. Wiltz will live in Peoria, Ill.

ON September 12, at Pittsburgh, Penn., Nellie G. Lawson, class of 1906, Western Pennsylvania Hospital, to Joseph B. Immler. Mr. and Mrs. Immler will live in Canton, Ohio.

ON August 25, Belle Judd, class of 1897, Memorial Hospital, Orange, N. J., to William Sterling McKean. Mr. and Mrs. McKean will live in Altoona, Penn.

ON August 25, at Orange, N. J., Lydia Anderson, class of 1909, Orange Memorial Hospital, to Karl S. J. Schroeder. Mr. and Mrs. Schroeder will live in Brooklyn, N. Y.

ON June 28, Lucy Sargent, class of 1894, Long Island College Hospital, Brooklyn, to R. B. Miller. Mr. and Mrs. Miller will live in Canisteo, N. Y.

ON July 26, Lillian Hutchinson, class of 1905, Long Island College Hospital, Brooklyn, to Joseph H. Read. Mr. and Mrs. Read will live at 151 Lenox Avenue, Providence, R. I.

ON August 16, Julia Mann, class of 1898, Long Island College Hospital, Brooklyn, to Henry Bertram. Mr. and Mrs. Bertram will live in Brooklyn.

ON September 2, Lorena Palmer, class of 1908, Long Island College Hospital, Brooklyn, to Joseph Lewis Coon. Mr. and Mrs. Coon will live in Cortlandt, N. Y.

ON July 30, Mildred Burr, class of 1910, Long Island College Hospital, Brooklyn, to Frederick Henning Schluter, M.D. Dr. and Mrs. Schluter will live in Brooklyn.

DEATHS

ON June 16, at her home in Allston, Mass., at the age of sixty-six years, Mrs. Olaf Johannesson, formerly Mrs. Mary Ann Kelley, class of 1876, Boston and Massachusetts General Hospital. Mrs. Johannesson died after many weeks of suffering. She had the distinction of being the oldest living graduate of her school, and used to relate many interesting stories of the early days of the training school. She was a member of the alumnae and sick relief associations, and will be greatly missed by her associates and many friends.
